Hello!

Well, we've done it! It's taken over six months but finally, thanks to you and many others, we now have enough money to rebuild Burrington Animal Hospital.

You will remember that dreadful August night when the fire broke out. Fire officers managed to carry all the animals to safety, but almost nothing was left of the building. An investigation concluded that the fire was accidental and the result of an electrical fault.

The insurance money will cover the basic cost of rebuilding, but we thought this was an opportunity to have a hospital with the very latest equipment, so we decided to ask for help from the local community, and the response has been amazing. The £20,000 that we have raised will make this one of the best-equipped animal hospitals in the country.

Thank you once again.
