Jessica Mason and I are doing a science project together. My parents always go out on Saturdays so we planned to work at my house all day. Mum and Dad left at 9 and Jessica arrived at 10.

Everything was OK until lunchtime. When I'm alone, I often order a pizza online if I'm hungry but, because Jessica was there, I wanted to do something special, so I cooked steak and chips. But Jessica's a vegetarian, and she never told me! She doesn't like chips either.

Luckily, there was some tomato soup in the fridge, so I microwaved it. But when I brought it to her, I dropped the bowl and the hot soup went all over the table and all over her too. She didn't say a word. She just got up and left. I'm sorry, Jessica! It was an accident.
