Dear Mr and Mrs Brown,

My name is Maisie and I live across the street from you at number 22. My mum told me that you need someone to look after your two cats for a week while you are on holiday. I would be very happy to do this!

I'll be 14 next month. I got a kitten for my 10th birthday and look after him all by myself. (You probably know him - he's grey and likes to go into other people's gardens!) I love playing with cats, so yours won't be bored or lonely while you're away. When my gran went into hospital last year, she left her dog with us and I walked him twice a day. I've got my own house key so already know how to lock and unlock doors properly. If there is a problem, my parents are nearby to help out.

Could you let me know the dates of your holiday? My mum said it was in July but she wasn't sure when exactly. We are going away for the last week in July and the first week in August. Hopefully this isn't the same time as you! I could visit your cats every morning or evening and would charge £5 per visit.

Thank you,
Maisie Jones

Shakespeare's Globe 21 New Globe Walk, London SE1 9DT

On the south bank of the River Thames is Shakespeare's Globe. The Globe is a copy of the theatre where William Shakespeare worked as an actor and a writer. Many of Shakespeare's most famous plays, like Hamlet and King Lear, were performed for the first time there in the 17th century. The modern Globe was opened in 1997 and is located 230 metres from the site of the original theatre, which was destroyed by fire in 1644.

Seeing a play at The Globe is very different from a visit to a regular theatre. Firstly there is no electricity: the stage is lit by candles during evening performances, and all music comes from instruments used in Shakespeare's time. Secondly, the stage and the seats are all outdoors — so be sure to check the weather forecast before you go, and dress appropriately!

Finally, there are only a small number of seats; most of the audience stands to watch the plays. The good news is that tickets for the standing area cost only £5, while it's £25 to watch while sitting. One thing that has changed is that women are allowed to act in plays, unlike in Shakespeare's time when men and boys played the female roles!

According to the text, Shakespeare's Globe .....

- is where Shakespeare works
- **is a theatre next to a river** ✓
- is a famous play
- was built in 1644
