The GameHub 3: Have you got one yet?

Without a doubt, GameHub still makes the best game consoles out there. The rest of the competition doesn't even come close. I was saving up to buy one but then I was lucky enough to receive the latest version, GameHub 3, as a fourteenth birthday present from my mum and dad.

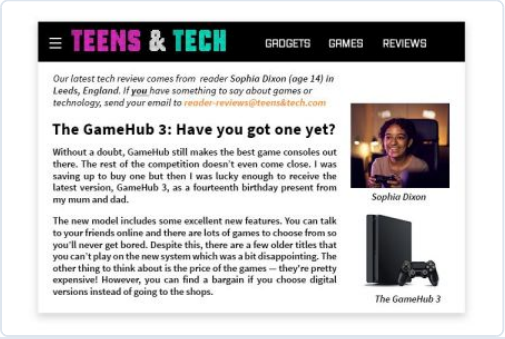

Sophia Dixon

The new model includes some excellent new features. You can talk to your friends online and there are lots of games to choose from so you'll never get bored. Despite this, there are a few older titles that you can't play on the new system which was a bit disappointing. The other thing to think about is the price of the games – they're pretty expensive! However, you can find a bargain if you choose digital versions instead of going to the shops.

Rob, Jess and I had an amazing time at the Tuned In Festival yesterday. It was our first time at a music festival and it won't be the last! Next time I'd like to stay overnight in a tent and go to both days but my parents said I'm too young.

We saw lots of great acts on the main stage. The biggest surprise was Calista Miles because I've never been a fan of hers. Her voice was incredible live. Everyone in the crowd was singing along to her biggest hits. I even joined in to 'My Heart and You' and normally that song annoys me! The highlight though was a rapper called K-Dex. I didn't know his music before Saturday but I've already downloaded his album.

There were so many people at the festival! The only things that I didn't like were that the food wasn't very nice and the toilets were pretty smelly by the evening! And I saw that there were long queues to use phone chargers, so next time I'll bring my own portable charger if I stay for the whole weekend.
