Hello Danny,

I'm sorry you won't be out of bed for a few days but your mother told me it's nothing serious. Anyway, you've only got yourself to blame. The plan was simple: an anonymous note from "someone who likes you" asking you to go the chemistry lab after school. I knew you'd think it was from one of the girls in our class, that you wouldn't suspect anything, and that you'd be flattered and go to meet her. Then I was going to follow you, lock you in and not let you out for a few hours.

I wanted to punish you because you were seen at the cinema with Janet Walsh on Friday and at a party with Emma Farley on Saturday! What's more, you've been avoiding me for over a week! You could at least have told me you didn't want to go out with me any more. It all went to plan until you climbed onto a table to try and get out through the window and knocked those chemicals over. I'm sorry you got hurt in the explosion, but maybe it's taught you a lesson.
